

AGRICULTURE, ENVIRONMENTAL & ANIMAL CARE

How can you make a start on your career during your time in secondary school?

1

LEARN & EXPLORE

- Focus on subjects like Biology, Geography, and Environmental Science.
- Try free online courses in agriculture, animal care, or sustainability.

2

GAIN EXPERIENCE

- Volunteer at farms, animal shelters, or environmental organisations.
- Look for part-time jobs in gardening, landscaping, or animal care.

3

DEVELOP SKILLS

- Practice animal handling, plant care, and land management.
- Learn about sustainability practices and environmental conservation.

4

NETWORK & CONNECT

- Attend agricultural fairs or workshops.
- Join online communities related to farming, environmental science, and animal care.

5

PLAN FOR THE FUTURE

- Research careers in veterinary medicine, environmental science, or agriculture.
- Explore college programs or apprenticeships in animal care and environmental studies.
