# DIGITAL

How can you make a start on your career during your time in secondary school?

1 LEARN & EXPLORE
- Focus on IT, Computer Science, and Maths.
- Try free online courses in coding, web development, or cybersecurity.

2 GAIN EXPERIENCE
- Look for internships or part-time jobs in tech support or web design.
- Join coding clubs or tech-related school projects.

3 DEVELOP SKILLS
- Practice coding, troubleshooting, and problem-solving.
- Learn to use digital tools and platforms like HTML, CSS, or JavaScript.

4 NETWORK & CONNECT
- Attend school tech events or join online coding and tech forums.

5 PLAN FOR THE FUTURE
- Research careers in software development, data analysis, or cybersecurity.
- Explore colleges or apprenticeships offering digital skills courses.
